PC:

1. By this petition, the petitioner prays for a declaration that though respondent no.5 is declared as deemed university, the students admitted prior to the date when it becomes a deemed university, will be entitled to conferment of degrees of the Maharashtra University of Health Sciences and the students will be entitled to pay so much fees as fixed for students admitted prior to the year 2004-05. After grant of deemed university, such prayer cannot be made. All that can be done is the respondent no.5 is given status of university which can, therefore, confer degrees on students undergoing the courses. There is no question of persons admitted prior to conferment of deemed university status being treated separately. The petition is dismissed.
